Nfl power rankings week 8 bleacher report. Bleacher report nfl power rankings week 8 2020.

"There is a process we are going through. The Titans have a shot." Terrance Williams/Associated PressLast Week: 9Week 7 Result: Bye Week The Los Angeles Chargers spent their bye week trying to accomplish an unenviable task—washing off the stink of the 34-6 beatdown the team received from the Ravens in Week 6. After the loss, head coach Brandon Staley told reporters he's glad for the rest after a start to the season that included five games against teams that entered Week 7 .500 or better:"I think that for me, this six-game stretch has been a really tough stretch. We believe in our coaches, we believe in our coaches, we believe in everything we have going on here in Philadelphia. Philadelphia 33-22The Raiders rolled into Week 7's matchup with the Eagles short their top option in the passing game after tight end Darren Waller was a late scratch. It didn't matter. Green Bay's next opponent is the undefeated Arizona Cardinals on a short week. Wade Payne/Associated PressLast Week: 4Week 7 Result: Bye WeekThe Buffalo Bills spent most of the off week answering a single question. "What was up with the decision to go for it on 4th-and-inches last week against the Tennessee Titans rather than kick the field goal and play for overtime?" After Josh Allen's slip and the failed fourth-down conversion cost the Bills the game, head coach Sean McDermott was unapologetic. "Josh is usually spot-on with those [QB sneaks]. This game wasn't as close as the final score suggests." I haven't been doing a good enough job, clearly," quarterback Jalen Hurts told reporters after the defeat. But part of that has been uninspired play-calling, and the Philly defense was torched by the Raiders for 442 total yards. At 2-5, the Eagles are in a threeway tangle of terrible with Washington and the New York Giants in the NFC East. "It was encouraging to see them destroy the Panthers despite a slew of critical injuries and even more encouraging to see Jones bounce back from a turnover-fest in Week 6. King Henry threw a touchdown but was limited to 86 yards on 29 carries. If they can get healthy on that side of the ball, the fighting Tom Bradys can absolutely get back to another Super Bowl. But after spotting the Texans five points, the Cardinals peeled off 31 unanswered to remain the NFL's last unbeaten team ahead of next week's big showdown with the Packers. On offense, the Cardinals surpassed 30 points for the sixth time in seven games, racking up 172 yards on the ground while converting half of their 12 third-down attempts. "That's the thing when you look at it. While the defense has been doing everything it can to keep the team in games, they aren't good enough to carry the team. The bigger question may be what's next for the Seahawks, assuming they miss the playoffs after an uneasy 2021 offseason between the team and its star quarterback. And it's one Seattle fans didn't expect to be asking before Halloween. Jed Jacobsohn/Associated PressLast Week: 19Week 7 Result: Lost vs. Everybody is going to say, 'What about the other teams?' Well, what about the Vikings? And the Kansas City Chiefs. For reals. After a wild Week 7 in which those Bengals posted the most impressive win in the league, Bleacher Report NFL Analysts Brent Sobleski, Brad Gagnon and Gary Davenport have once again gathered to rank the NFL's teams from Nos. So you kind of know when it's different than just getting some sort of bruise or getting landed on. He's a tremendous leader both on and off the field. "However, Sobleski believes Bisaccia deserves his share of the credit as well. "Gruden's departure may have led the Raiders to a much brighter future on the field," he said. What our team has done is they've always responded, no matter how the game's unfolded. For many years, most assumed heading into a new season that the Steelers would at the least be playoff contenders. It's much more difficult in 2021. New Orleans 13-10 The Seattle Seahawks are done. The Ravens were the team to beat in the AFC North, and the Bengals manhandled them at their home stadium. Dallas entered Week 7 pacing the league in both yards per game and points per game, and defensive coordinator Dan Quinn has done a masterful job of remaking a Cowboys defense that was awful last year. With three straight games coming up against teams with .500 records or worse, the Cowboys could be 8-1 when they travel to Kansas City on Nov. The latter is almost comically so with Davis Mills under center. But there has also been plenty we didn't expect. We're what, 2-5? But mortgaging the team's future to obtain Watson isn't going to fix what ails Miami. Seattle generated just 219 total yards of offense against the New Orleans Saints on Monday, with 84 of those yards on one pass to DK Metcalf. The players always want to listen to him. Carolina 25-3The Giants are not a good football team, nor will their postseason drought be ending in 2021. But it still had to feel good to blast the Carolina Panthers in a dominant effort on both sides of the ball. Big Blue quarterback Daniel Jones didn't post gaudy stats with 203 passing yards and a score. "However, Cincinnati needed to pass a real test after its first four wins came against mediocreto-poor opponents. "I felt a pop. Or the yards. "Tennessee is easily the best team in the division, but for those who still doubt the Titans' validity as a contender in 2021, another 'prove-it' game looms in two weeks in Los Angeles against the one-loss Rams.""In the last three weeks, they've outscored the Jaguars, Bills and Chiefs 98-53," Gagnon added. A defense that was supposed to be a strength ranks dead last in points allowed per game (30). Put it all together, and you have arguably the NFC's most disappointing team in 2021. In a postgame interview Sunday, quarterback Derek Carr said, "[Bisaccia] has the pulse, he has the heartbeat and he's our leader. But after throwing one interception over the first three games of the season, Darnold has seven over the last four. And with the 6-1 Los Angeles Rams coming to town in Week 8, things aren't likely to be nonstop Deshaun Watson trade speculation between now and the Nov. Or that at 2-5, Seattle sits four games back of second place in the NFC West. Next week's trip to Houston should be an easy win, but then the schedule tightens up. Our guys have earned a break. I felt a twist. I knew something had happened."Wilson is now slated to miss up to a month, leading the Jets to send a draft pick to the Philadelphia Eagles for veteran Joe Flacco.Regardless of whether it's Flacco or Mike White starting in Week 8, an already dismal 2021 season is likely about to become that much more depressing for the Jets. Hans Deryk/Associated PressLast Week: 25Week 7 Result: Lost vs. 32 to 1. The king of this particular mountain remains the same. That's just who we are. Obviously, didn't get it done. "That play likely works eight times in 10, and it doesn't take away from the fact that Buffalo is arguably the best, most balanced team in the AFC East. Can put the storylines away and just enjoy it. "The win was closer than expected but needed to keep the pressure on the Arizona Cardinals in the NFC West. Chicago better hope something changes before a promising young signal-caller is ruined." Hans Deryk/Associated PressLast Week: 26Week 7 Result: Won at Miami 30-28When the Falcons used the fourth overall pick of the 2021 NFL draft on Florida's Kyle Pitts, it was the earliest a tight end had ever been drafted in the modern era. Over the past couple of weeks, Pitts has demonstrated why the Falcons made such a hefty investment in him. He was a force in Atlanta's win over the Dolphins in Week 7, catching seven passes for 163 yards. Three are within the division, and two of those are on the road, including next week's trip to Cleveland. Mary Schwalm/Associated PressLast Week: 16Week 7 Result: Won vs. But two of New England's three wins are against Gang Green, and the third was against the one-win Texans. In other words, Houston is not a good team, but head coach David Culley told reporters after the game that you won't see any quit from his players."We are going to stay together," Culley said. After the bye, they host the 5-1 Dallas Cowboys. Every team has its ups and downs. Of the Saints 304 total yards in a three-point victory, running back Alvin Kamara accounted for 179. The 2021 Saints play punishing defense. And the Seattle Seahawks. Edge-rusher Myles Garrett spontaneously combusted. OK, that last one didn't happened. Whether it's close or how it was yesterday, it's always going to be tough. I know we didn't get to the bye feeling like we played our best ball, and it's tough no matter how you lose. Those surprises can best be summed up in one sentence. After seven weeks, the Cincinnati Bengals are higher in these power rankings than the Baltimore Ravens. games and some close games, but you know, we believe in who we are as a team, and what we're doing as a team and where we're going."Building on the win won't be easy. Playing against one of the league's most explosive offenses, the Titans allowed three points and 334 yards while amassing three takeaways and four sacks."When the Titans play this well defensively and avoid turning it over, they can beat just about anybody," Davenport said. The Jets are the only squad averaging fewer points per contest. The defense allowed fewer than 300 yards while adding two sacks and three takeaways. Rookie guarterback Mac Jones lauded the effort, but he also cautioned that the team needs to start stringing good performances together."We've got to do that every time. It's not often that you see a tight end average over 23 yards per reception in a game. The Falcons have quietly built a little momentum, winning two straight after a 1-3 start to get back to .500. It's something we've yet to do on a consistent basis."Yes, the offense has struggled, especially early in games. But these Browns aren't going to win the AFC North. Beat the Bengals, and the Ravens would be two up in the loss column on every other team in the AFC North. That didn't happen. "That wasn't a pretty showing Thursday, but it was mainly because of all their injuries. Atlanta 30-28The Dolphins headed into the 2021 season with some momentum after narrowly missing the playoffs and winning 10 games a year ago.Now, after losing on the final play for the second straight week and dropping their sixth consecutive game, any tattered shreds of that momentum are gone. Miami has been heavily linked to Deshaun Watson in recent weeks. Just when you think that things can't get any worse for the beleaguered franchise, they do. Gang Green came out of their by week and got annihilated by the AFC East rival Patriots, allowing their most points since 1979. The play calls were equal parts boring and predictable. That's what you're hoping for as a coach, that the approach is consistent no matter what. "Things lighten up over the middle of the season. But opponents like the New England Patriots, Minnesota Vikings and Pittsburgh Steelers aren't pushovers either, and there's little margin for error in a competitive AFC West. Gail Burton/Associated PressLast Week: 10Week 7 Result: Won at Baltimore 41-17In a Week 7 slate short on big-time contests, the marguee matchup was a battle for first place in the AFC North in Baltimore. Getting to the playoffs isn't going to be easy. However, quarterback Jimmy Garoppolo said after the loss. Head coach Kyle Shanahan didn't really commit to his veteran quarterback after the loss either. At this point, making the playoffs at all would be a feat.""I'm not giving up on the Browns," Gagnon countered. 21.And the NFC East could already be all but won...if it isn't already.John Fisher/Getty ImagesLast Week: 7Week 7 Result: Won vs. And some, including Jon Heath of Broncos Wire, had seen enough prior to Thursday's matchup: "With Shurmur running the offense last season, Denver averaged 20.2 points per game, the fifth-lowest average in the NFL. The only player on Baltimore's roster who can run the ball worth a darn is Lamar Jackson. One of those touchdowns went to Ja'Marr Chase, who piled up 201 yards and set a rookie receiving record with 754 yards through seven games. Plenty of folks have gotten credit for that success, whether it's quarterback Dak Prescott or rookie edge-rusher Micah Parsons.But in the opinion of offensive coordinator Kellen Moore, one person who doesn't get enough credit for the 5-1 start is head coach Mike McCarthy."We're so well aligned as far as our approach and our system and the routine that we take each and every week that we're in a really, really good place," Moore told reporters. Dallas has emerged as the runaway favorite in the NFC East, head and shoulders above the rest of the division. Whether it's win, lose, what type of win, what type of loss, I felt like our approach has remained consistent. In fact, they may well remain the favorites in the NFC."Kevork Djansezian/Associated PressLast Week: 2Week 7 Result: Won vs. Outside of one long pass to DK Metcalf, Seattle's offense did next to nothing. The 2021 Saints are also 4-2 and just one back in the loss column of the Tampa Bay Buccaneers, who visit the Superdome next week. Losing teams find ways to lose games, and winning teams find ways to win games." Allen is spot-on about that last part. It might have even been a turning point for a team that, when healthy, has the talent to win the Super Bowl." Stephen Brashear/Associated PressLast Week: 12Week 7 Result: Won at Seattle 13-10These are not the New Orleans Saints of old. The 2021 New Orleans Saints do not pile up the style points on offense. I'm not looking anywhere else. 'A few days later, Rhule benched Darnold in favor of P.J. Walker in a game in which the Panthers had the fewest total yards and points of Rhule's tenure as head coach. Granted, Darnold is hardly the only one to blame for Carolina's recent woes. "This year's 11th overall draft pick needs the reps because he's clearly the team's most talented quarterback option, but the Bears offensive line is a disaster, and the receivers aren't helping the situation. Cincinnati 41-17 Fresh off throttling the Los Angeles Chargers, the surging Baltimore Ravens rode a five-game winning streak into Sunday's meeting with Cincinnati. Four of the losses have been by single digits, and Detroit has given the Ravens and Rams all they could handle. But credit should be thrown toward the squad's defense, which ranks fourth overall. Washington 24-10We're going to drop a knowledge bomb on you. Green Bay Packers quarterback Aaron Rodgers is pretty good at football. On a day when the Packers managed 57 rushing yards on 15 carries, Rodgers carried the offense and propelled Green Bay to a sixth consecutive victory. One week, you're at the bottom of it. We figured that the New York Jets and Houston Texans would be bad, and they definitely are. Rodgers threw for 274 yards and three scores with a passer rating north of 125, and he spread the wealth—wide receivers Davante Adams and Allen Lazard and tight end Robert Tonyan all eclipsed 60 receiving yards with a score. The Packers also got an opportunistic effort from the defense, which notched two turnovers and four sacks while repeatedly turning away Washington in the red zone. It was a solid all-around effort for one of the NFC's hottest teams. Running back Najee Harris has been as advertised as a rookie. That's followed by another the Saints are just one of many teams hunting for one of three wild card spots or maybe an actual threat to the Buccaneers in the division. Rick Scuteri/Associated PressLast Week: 15Week 7 Result: Won vs. But injury was added to insult when rookie quarterback Zach Wilson was forced from the game in the second quarter with a knee injury. Wilson told reporters that he injured his PCL, but the extent of the damage won't be known until further testing Monday."At first, it wasn't necessarily like a painful thing," he said. It's going to be hard to take this team seriously until it can beat someone who isn't terrible." Wesley Hitt/Getty ImagesLast Week: 8Week 7 Result: Lost at Tennessee 27-30K, it's time to seriously start worrying about the Kansas City Chiefs. Until Sunday's blowout loss at Tennessee, the team had never failed to score a touchdown with Patrick Mahomes as its starting quarterback. The 2021 Chiefs are abjectly awful defensively. And at the rate things are going, some are speculating Nick Sirianni's first year as head coach may be his last. Sarah Stier/Getty ImagesLast Week: 28Week 7 Result: Won vs. And even harder to dispute if you watched the game. Jed Jacobsohn/Associated PressLast Week: 28Week 7 Result: Won at San Francisco 30-18The Indianapolis Colts have a pulse. They started the 2021 season 0-3, but Sunday's soggy victory over the 49ers was the team's third win in four games. "The guts this team showed Thursday is admirable. That's just the fact." We knew there were going to be growing pains with Fields, who has also been sacked an NFL-high 22 times. But we can fight back. "Sobleski doesn't advise hitting the panic button. I know me, myself, no matter how many picks I throw, no matter how many Ls we take, I'm going to keep going. More importantly, the locker room has seemingly rallied around Bisaccia. And there's little reason to think a turnaround is coming anytime soon. Rick Scuteri/Associated PressLast Week: 24Week 7 Result: Lost at Las Vegas 33-22The Eagles are officially in free-fall. After falling to the Raiders in Las Vegas on Sunday, they have dropped five of six since blowing out the Falcons in Week 1. Denver's players certainly deserve some of the blame, but when the play calling is guestionable and the offensive scheme is underwhelming on a near-weekly basis, it falls on the coaching staff."It's a hard position to dispute. But thanks in large part to injuries, the team's 22ndranked pass defense has struggled.Nothing like taking on a rookie quarterback to help a team get right. To say the Buccaneers teed off on Justin Fields and the Chicago Bears is an understatement. But thanks to four takeaways and a few timely plays from veteran quarterback Carson Wentz, the Colts are one step closer to turning around another terrible start to the season."The Colts are a good defensive team with a punishing young running back in Jonathan Taylor," Davenport said. And with the reeling Panthers next up, it's possible that a week from now the Falcons could have a winning record for the first time since finishing the 2017 season 10-6. But before you start making postseason plans, it's worth pointing out that Atlanta's three wins are against teams that have combined for four victories this season. Jacob Kupferman/Associated PressLast Week: 22Week 7 Result: Bye WeekYou'd be hard-pressed to find many pundits who would call the 2021 Minnesota Vikings a good football team. You can either say, that's it, I'm going to stop working, I'm going to stop playing, or you can go the other route and say I'm going to keep working. Denver 17-14The good news for the Browns is that thanks to 168 total yards and a score from running back D'Ernest Johnson, they were able to gut out a win over the Broncos to get to 4-3 on the season. That's about the extent of the good news. Injuries are a fact of life in the NFL, but it has gotten ridiculous in Cleveland. Nick Chubb and Kareem Hunt are both out with calf injuries. Case Keenum started at quarterback because Baker Mayfield's left shoulder has a fractured humerus bone and a torn labrum. You've seen him have a lot of success with those in that situation," McDermott told reporters. But so long as Murray is healthy and taking advantage of a loaded offense complemented nicely by a stingy and opportunistic defense, the Cardinals remain the league's only undefeated team and deserve the top spot because they're a complete squad," Sobleski wrote. But Sobleski fears for the 22-year-old's future if this continues."Somebody find Fields some help," he said. We're at the lower point right now. This squad probably isn't going to join its 2008 brethren in the annals of winless-dom. But unless the Lions can knock off a flawed Philadelphia Eagles team next week at home, it's possible that fans will come to Ford Field on Thanksgiving still waiting to see Detroit notch its inaugural victory of 2021. Ian Walton/Associated PressLast Week: 30Week 7 Result: Bye WeekThe Jacksonville Jaguars entered their off week feeling a sensation they hadn't experienced in over a year: the exhilaration from winning a game. After defeating the Miami Dolphins for their first victory since Week 1 of 2020, Jaguars rookie quarterback Trevor Lawrence told reporters that while getting the ting the concerns found within the Bengals roster, specifically a shaky offensive line, haven't become the stumbling block expected, and Burrow is again playing like a No. 1 overall pick." Steven Senne/Associated PressLast Week: 6Week 7 Result: Bye Week The Dallas Cowboys were playing as well as any team in the NFC entering their bye week. But after peeling off consecutive wins before the bye week, the Vikings are 3-3 and at least on the fringes of the NFC playoff hunt.We're about to find out if these Vikings are any kind of a legitimate playoff contender. This year, the Broncos have averaged 21.0 points per game, less than a one-point improvement. Wide receiver Odell Beckham Jr. was in and out of the game with a bad shoulder of his own. But in the games where the defense plays at the level it did Sunday, Tampa looks like the best team in the NFL. "Kyler Murray is a leading MVP candidate, of course. The Saints entered Monday night's soggy affair in Seattle averaging the fourth-fewest yards per game in the league. But he does think if the team wants to turn the season around, Garoppolo has to sit."The 49ers had to a deal with an atmospheric river Sunday night—yeah, that's a new one—but the conditions only magnified the team's issues at the quarterback position," he said. We would love for him to still be our head coach for the future."The Raiders are entering their by week at 5-2, in first place in the AFC West and as one of the bigger surprises in the AFC this year. Nick Wass/Associated PressLast Week: 32Week 7 Result: Lost at Los Angeles Rams 28-19You can't say Detroit didn't leave it on the field Sunday. The winless Lions threw everything they had at Los Angeles—and we do mean everything. ... But facing one of the worst red-zone defenses in the league, the team made four trips inside of the Green Bay 20-yard line and came away with a touchdown exactly zero times. The WFT offense continues to come up short in pressure situations. The offensive line is better than some expected, but it still isn't good. Jets 54-13Last week, the Patriots took the one-loss Cowboys to overtime before eventually coming up short. On Sunday, they took out their frustration on the hapless Jets. New England's offense racked up a staggering 551 yards and peeled off chunk play after chunk play aft the second half of the season." Jason Behnken/Associated PressLast Week: 21Week 7 Result: Lost at Tampa Bay 38-3Justin Fields needs a hug. The Chicago Bears rookie quarterback had a game to forget and then some Sunday against the Tampa Bay Buccaneers, with 184 passing yards, three interceptions and two lost fumbles in the blowout loss.Despite posting possibly the ugliest performance from a quarterback this year, Fields told reporters after the game that there won't be any head-hanging:"Times like this, times when you get beat, blown out, you've got two choices. Cincinnati blasted Baltimore by 24 points—its biggest margin of victory against the Ravens and the first time Cincy beat its divisional rivals since 2018. Quarterback Joe Burrow was phenomenal, throwing for 416 yards and three scores. "I'm giving Mahomes, coach Andy Reid and Co. the benefit of the doubt, but it's fair to wonder if something is seriously wrong with the suddenly extremely mistake-prone Chiefs. "So to get a win, especially in that fashion, it feels

good. It was Baltimore's turn to get throttled, losing by the largest margin ever to the Bengals while falling into a first-place tie. It was an ugly day all around. With Wentz getting healthier and playing well, the Colts have what it takes to give the Titans a run for their money in the division." Matt Durisko/Associated PressLast Week: 16Week 7 Result: Bye WeekThe Pittsburgh Steelers aren't generally a hard team to figure out. That it took Arizona a while to get going was a little. Stick a fork in the 2021 season. It's not just a matter of another sluggish loss at home, where the Seahawks are now 0-3. They can't cover opposing receivers (26th in passing defense) and are tied for last in the NFL in sacks (eight).But the offense's struggles are really bizarre. Once Trey Lance (knee) is healthy, he's the right choice to take the offensive reins." Al Bello/Getty ImagesLast Week: 17Week 7 Result: Lost at Giants 25-3Last Thursday, Carolina head coach Matt Rhule told reporters that he was 100 percent committed to Sam Darnold as the team's quarterback despite the Panthers dropping three straight games after a 3-0 start." I believe Sam is going to be a great quarterback for the Carolina Panthers, and I haven't done any work on anyone else," Rhule told reporters. "Because at the rate things are going, neither of them is going to be in Miami in 2022." Aaron Gash/Associated PressLast Week: 27Week 7 Result: Lost at Green Bay 24-10After losing yet again in Week 7 (the team's third straight defeat and fourth in five weeks), Washington defensive tackle Jonathan Allen wasn't in an excuse-making mood. "We're such a better football team than what our record says," Allen told reporters. But entering the bye, Pittsburgh had scratched out a pair of victories to get back to .500. The team has some things going for it. "One week, you're on top. Four of the team's next six games are against teams with winning records. Yeah," said Stafford. Injured quarterback Teddy Bridgewater (quad) struggled mightily to throw the ball, and the Broncos managed just 223 yards of offense. However, the main people being pointed to as the main cause of Denver's swoon weren't on the field: head coach Vic Fangio and offensive coordinator Pat Shurmur ran the ball all of 14 times. Beating a decent Broncos team on short rest under those circumstances was important. It's exciting for sure. "Unfortunately, that won't be easy. "We hadn't stopped them on defense for a number of drives there in the second half, really. Again, felt like we could go and win the game right there. "This team was a phony contender at 3-0, and not even the return of Christian McCaffrey is likely to change that. "He's my focus, and I expect him to play his best football moving forward. Even with the loss, the Bills have a sizable lead in the division.But the decision could factor into home-field advantage and a first-round playoff bye down the road.Mark LoMoglio/Associated PressLast Week: 3Week 7 Result: Won vs. The hero(es) against the Kansas City Chiefs was Tennessee's embattled defense—a defense that ranks outside the top 20 in yards allowed. You wouldn't know that from watching them against the Chiefs. Houston 31-5That the Arizona Cardinals trounced the one-win Texans to move to 7-0 for the first time since 1974 in Week 7 wasn't surprising. Next week, the Giants will face a desperate Chiefs team in Kansas City, followed by a home date with the AFC West-leading Raiders."When healthy, the Giants have the ability to be a better-than-average team," Gagnon said. But there's a new team leading this list off. Fans of said team aren't laughing. Darryl Webb/Associated PressLast Week: 31Week 7 Result: Lost at Arizona 31-5 For a time, it appeared as though the Texans might give the undefeated Cardinals a challenge Sunday. That time did not last long. "Garoppolo is too limited and can't be the type of playmaker San Francisco needs to elevate its offense. He told reporters afterward he was glad to get this game against his old team out of the way." Am I happy it's over with? Defensively, Baltimore was gashed for a staggering 520 yards and 41 points." If I'm the Ravens," Davenport said, "I'm using the bye week to get the Colts on the phone and swing a deal for Marlon Mack. They've dug a hell of a hole and don't deserve to be considered a top-10 team right now." Ron Schwane/Associated PressLast Week: 13Week 7 Result: Won vs. It's a matter of executing. We don't like where we are right now."That "process" has involved six straight defeats. NFL StaffContributor IOctober 26, 2021Bleacher ReportSeven weeks in, the 2021 NFL season is truly taking shape—in ways we both did and did not expect. We figured that the Tampa Bay Buccaneers and Buffalo Bills would be good, and they are, although the latter got to spend Week 7 resting and ruminating over the perils of slipping on 4th-and-inches. Top cornerback Denzel Ward exited with a bad hamstring. "But at the end of the day, you can only go by what we've done. It can't be a one-time thing," Jones told reporters."Dropping a fifty-burger on any NFL team is impressive," Davenport said, "even if that team is the lowly Jets. On Sunday, Washington amassed 430 yards of total offense—126 more than the Packers. But he also didn't turn the ball over, and he made plays when he needed to, including a 16-yard catch on a trick play. "And the return of all-everything offensive lineman Quenton Nelson on Sunday was a huge boost up front. But it will take an even better outing to keep the winning streak rolling. The defense turned in easily its best effort of the season, holding the Panthers to just 173 yards of total offense. Jones told reporters after the game that he's hopeful the victory will serve as a springboard. "Yeah, I think that's an important win for us," Jones said. "Aside from the emergence of fellow rookie Khalil Herbert, the Bears offense has been stuck in neutral, and the coaching staff hasn't helped with its approach to calling games. Entering Monday night, the Saints were surrendering the second-fewest yards per game on the ground and the fourth-fewest points per game. twice. And if there was any question, it has been answered...The 2021 Bengals are for real."Don't look now, but the Bengals are legit, and they're powered by the connection between Burrow and Chase," Sobleski said. But all of the injuries are just too much for one of our analysts."A few years ago, the Browns would have completely collapsed under the weight of these injuries," Davenport said. After managing just 160 total yards against the Redbirds, only two teams are averaging fewer yards per game this week against the Jacksonville Jaguars before the bye (and the potential return of Russell Wilson from a broken finger). It's that with Geno Smith under center, Seattle may not be able to beat the Jaguars—at home. The Seahawks can't get going offensively. Quarterback Ben Roethlisberger is a shell of his former self and can't challenge defenses down the field with any consistency. Like so many of the teams taking Week 7 off, Pittsburgh is facing a season-defining stretch. And this team is sporting the No. 27 scoring offense and No. 26 scoring defense in the NFL. Steven Senne/Associated PressLast Week: 29Week 7 Result: Lost at New England 54-13There is no bottom for the Jets. Chandler Jones hasn't even played the last two weeks because of COVID-19 protocols." "Got a lot of people that I care about that are on that team or from that city, and just glad to have this one over with. Houston recorded the game's first five games that the Texans lost by 15 or more points and then did not score again. It marked the fourth time in the last five games that the Texans lost by 15 or more points and then did not score again. It marked the fourth time in the last five games that the team scored fewer than six points. And the Pittsburgh Steelers. Indianapolis 30-18The San Francisco 49ers are in serious trouble. They entered the 2021 campaign with aspirations of shaking off last year's injury-marred mess of a season and getting back to the playoffs. But after falling at home to the Indianapolis Colts on Sunday night, the Niners have dropped four straight and have fallen way off the pace in the NFC West. Winning the division is already a pipe dream. I wouldn't be surprised if they were to lose their next three or four games to pretty much bring an end to their 2021 season." David Zalubowski/Associated PressLast Week: 18Week 7 Result: Lost at Cleveland 17-14With each passing week, it is becoming harder and harder to believe the Denver Broncos were ever 3-0. After falling in ugly fashion to the Cleveland Browns' "B" team on Thursday, the Broncos have now dropped four straight. That the Bears managed 311 yards of offense doesn't tell as accurate a tale as Chicago's five turnovers. Then comes a trip to Baltimore to face Lamar Jackson and the Ravens, a road game in Los Angeles against the Chargers and a home tilt with the NFC North-leading Green Bay Packers. It's a brutal stretch, but running back Dalvin Cook said. In Jarvis Landry's first game back from a stint on injured reserve, he injured his knee—again. The Chargers don't play another team with a winning record until Week 13. "The team is now 2-0 since Gruden left. After scoring first, they stunned the Rams with an onside kick. The defense remains solid if not quite as stout as in years past. Detroit 28-19 Sunday's matchup between the Lions and Rams had no shortage of subplots, whether it was Jared Goff facing the franchise that traded him or Matthew Stafford squaring off against the team he led for a decade. Stafford had the last laugh, throwing for 334 yards and three scores without an interception in a nine-point Los Angeles victory. Chicago 38-3The Tampa Bay Buccaneers are the defending Super Bowl champions and one of the most dangerous offenses in the NFL. Offensively, Ravens quarterback Lamar Jackson completed less than half of his passes and was sacked five times. Kansas City 27-3 Despite a 4-2 record and being in first place in the AFC South, the Tennessee Titans weren't getting a lot of run entering Week 7 as a threat in the AFC.After backing up last week's win over Buffalo with a beatdown of the two-time defending conference champions, that's apt to change. For once, running back Derrick Henry didn't carry the team to victory. "And it wasn't as though they relied solely on Derrick Henry didn't carry the team to victory." he also threw four touchdowns and brought the Dolphins back to take the lead late. It wasn't Tagovailoa's fault that the Miami defense allowed 397 yards of offense and couldn't want general manager Chris Grier and head coach Brian Flores making personnel decisions that could impact the franchise for years to come," Davenport said. The Colts can get back to .500 at home against the Tennessee Titans next week and into the mix in the AFC South.Sunday's game wasn't an especially pretty victory—playing in a driving rainstorm, neither team managed 300 yards of offense. We're a good team, too."We'll know soon enough if Cook's assessment is at all accurate. Stephen Brashear/Associated PressLast Week: 20Week 7 Result: Lost vs. Meanwhile, Tom Brady tossed four more touchdown passes, becoming the first player in NFL history to throw 600 in his career. "The Buccaneers are rolling offensively," Davenport said, "and didn't miss a beat Sunday despite the absence of wide receiver Antonio Brown. Starting with a Week 8 trip to Seattle, Jacksonville plays three straight games against teams that made the playoffs last year. After its first possession ended in a red-zone interception, Las Vegas scored on five straight drives to earn an emphatic win and move to 5-2 on the season. It was the second win as many weeks following the departure of head coach Ion Gruden, who resigned after emails surfaced in which he used racist, anti-gay and misogynistic language. Interim head coach Rich Bisaccia credited guarterback Derek Carr for helping to hold the team together. "We can all see the relationship that him and [offensive coordinator] Greg Olson have running this offense, it's just really coming to fruition," Bisaccia told reporters. Defensively, an Arizona team that entered Week 7 leading the league in second-half points allowed pitched a shutout after halftime and gave up 160 yards total. But thanks to a lack of ability to make stops and one exceedingly ill-timed interception in the red zone by Jared Goff, Week 7 ended in a loss. To be fair, the team isn't as bad as its record suggests. And if Baltimore can't remedy that situation, it'll be the team's undoing. "Wesley Hitt/Getty ImagesLast Week: 11Week 7 Result: Won vs. The Bengals defense did its part, keeping Ravens quarterback Lamar Jackson in check while sacking him five times. It was Cincinnati's most impressive victory in years. The Ravens could open up a two-game lead in the division, while the Cincinnati Bengals had a chance to make a statement that they are contenders in the AFC.Consider that statement made. The Bengals didn't just beat the Ravens to move into first place in the division. The Cardinals have forced 14 turnovers this season, and Mike Vrabel is one of the best coaches in football. The unit is 12th in both yards and points allowed. But there are problems as well. "Off the field, Derek is the voice of the Raiders right now. After three more turnovers Sunday, the Chiefs lead the league in giveaways. At 3-4, the team is sitting behind both the Raiders and the Los Angeles Chargers in the AFC West. And the question now isn't whether the Chiefs will once again win the division and make a deep playoff run. The question has become whether they will make the postseason at all." If almost any other team was playing the way Kansas City is, they'd be ranked a lot lower," Gagnon said. The 5-2 Titans and 6-1 Packers are both on the slate over the next few weeks. Darryl Webb/Associated PressLast Week: 1Week 7 Result: Won vs. He was also flagged for intentional grounding in his own end zone. It's looking more and more like Darnold is more stopgap starter than solution for the Panthers' passing predicament. "That's three consecutive losses to teams with losing records for the Panthers, and it looks like the Darnold era might already be coming to an end in Carolina," Gagnon wrote. We're getting better every week, and I love the momentum we have right now
